

The One Chord Blues

Music & Lyrics Chris James C2019

I got a little song for you
And it's in the key of E
I didn't use any other chords
Unusual for me!
I played it in the USA
I played in Japan
I played it all around the world
I did the best I can with my one chord blues

Sometimes I play nice and slow
Sometimes it's loud and fast
I don't care how I play it
As long as it will last
And if I get too tired
I might pop off for a sleep
But when I wake
I know the band are still on the E
It's a one chord blues
My one chord blues
My one chord bluuuuuzz
It's my one chord blues

I try to keep it on the E
I never go to A
And B and G and D
Noway!
I hate those jazz musicians
With their F sharps and B flats
Cause only when your on the E
You know that's where it's at

Chorus

Solo

It's incredibly simple
It's something anyone can play
You don't need music lessons
No college fees to pay
You don't even
Need a music stand
Cause you never turn the page
On the one chord blues
